PROGRAMMERS, HACKERS, ENTREPRENEURS, TECHIES

Come one, come all to the Grand Opening of Columbia's new **hacker space**! This Friday (22nd) at 7PM the Botwinick Lab, previously the Gateway Lab, on the 12th floor of Mudd will open its doors for the first time!

This new space will be dedicated to both student **developers** and aspiring **entrepreneurs** to plan and work on their ideas. If you have an interest in developing applications or dream of becoming the next big name in the tech community, this is the place for you!

Applying for swipe access to the lab is available to all undergraduates!

Friday, October 22, 7PM - Sunday, October 24th
Botwinick Lab - 12th floor of Mudd
